- ENVIRONMENTALLY ADVANCED

The new MX-C300P, A4 colour network printer, is designed to be compact and powerful which brings performance and productivity directly to individuals or small workgroups.The MX-C300P can print at a speed of 30 pages per minute ppm) regardless of whether you're working with black & white or full colour documents and it can also print on both sides of the paper as standard. That's plenty of performance for any small workgroup and more than enough for personal use.The MX-C300P has standard Wireless LAN functionality that allows you to connect easily via wireless networks and also offers great environmental features. It offers a low TEC value and conforms to the latest Energy Star regulations making it a perfect partner for any environmentally conscious business.With one of the smallest footprints in its class, the MX-C300P takes up very little space in any office environment. Whether it is placed on a desktop or a cabinet, placed close to a busy workgroup or in a manager's office as a personal printer, it takes up very little valuable office space. With a weight of just 25kg, including consumables, they are also light enough to be easily moved around. The MX-C300P comes with an easy-to-read LCD control panel with programmable function keys, and its dual-component development system delivers quality that's sure to impress. Built with the same dynamic architecture as Sharp's line of award-winning A4 MFPs - and sharing common options and supplies with these products - the MX-C300P will integrate easily into your existing workgroup configuration. Overall, this sleek and stylish desktop printer offers any business access to affordable, high quality colour printing in a compact device, which is easy to operate and incredibly user-friendly.
